

IAM Endorsed

Asset Management Training

Introduction

Through our Asset Management training workshops and courses we have helped many organisations and individuals to understand the potential behind reaching 'Excellence in Asset Management', and have issued more IAM Endorsed Training certificates than any other provider.

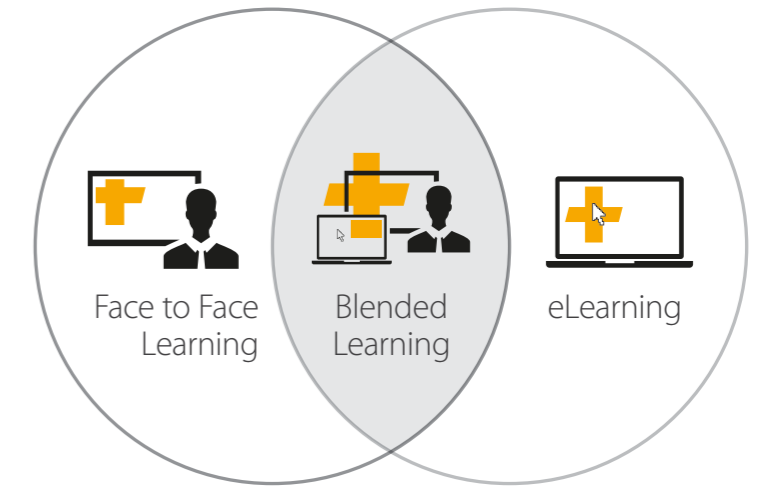

Why use AMCL's Asset Management Training?

- Institute of Asset Management Endorsed Training Provider (ETP)
- Issued more IAM Endorsed Training certificates than any other provider
- Global training capabilities
- Programmes cover ISO 55000 and PAS 55
- Full spectrum of training on offer – from introductory to detailed appreciation and application

Blended Learning

Our blended learning programme covers the full journey to understanding the role of Asset Management in your company, from an introductory eLearning programme to a 3 day in-depth appreciation of the practices and process of Asset Management.

All of our Face to Face Asset Management training courses and workshops are IAM (Institute of Asset Management) Endorsed.

Asset Management Primer Modules

Introduction to the Benefits of Asset Management

To introduce the concept, approach and benefits of Asset Management.

The Asset Management System

To introduce the main components of an effective Asset Management system that is compliant with PAS 55 or ISO 55001.
